SKILLS FOR TOMORROW

NYPUNYAM
International Skill Summit
& Skill Fiesta | 5-7, February 2016,
Thiruvananthapuram, Kerala.

Indra - The Falcon

The Key to Economic Growth

KERALA NURTURING SKILLS

- ▶ 60,000 students trained by the government every year in vocational skills.
- ▶ More than 500 technical training institutes.
- ▶ Partnership with industries for enhanced skill training.
- ▶ Biggest exporter of global-ready manpower in the country.

Skill and knowledge are the real drivers of socio-economic growth in any progressive society. Kerala's skill levels have never been better. Every year, approximately 60,000 students are undergoing state-of-the-art training in vocational skills. The global employability basics, such as technical talent, literacy, numeracy and team building skills are at par with international standards.

Focus on vocational education and training in Kerala has gone a long way in up-skilling and integrating young people into the labour market. Department of Labour and Skills, Government of Kerala has made a clear commitment to raising the status of vocational education and training to develop industry-responsive and globally employable manpower. Nypunyam 2016 –The International Skill Summit & Fiesta is one such initiative by the government to look at skill enhancement in a brand new way and give skill development activities a paradigm shift.

Nypunyam 2016 - The International Skill Summit & Skill Fiesta will be jointly organized by Directorate of Employment and Training (DET) and Kerala Academy for Skills Excellence (KASE).

The weekend long summit will have participation from corporate leaders, heads of governments, mission directors from skill development missions in the country, foreign dignitaries, renowned academicians and eminent personalities from around the world. It will be a platform for the state to discuss and deliberate on strategies and formulae to take skill development in Kerala to a new level.

SUMMIT TOPICS

- ▶ Integration of skill with education.
- ▶ International best practices in skill development.
- ▶ Skill initiatives in India.
- ▶ Industry perspective on skilling.
- ▶ Way forward for Kerala in skill development.
- ▶ Perspectives of state partners.

SKILL FIESTA 2016

- ▶ Conducted in association with the International Skill Summit.
- ▶ First of its kind initiative by any state government.
- ▶ More than 2000 competitors from 12 trades.
- ▶ Rigorous selection and training process.
- ▶ 72 finalists to test their skills in the finals.

12 SKILLS TO COMPETE

The first of its kind in India, Skill Fiesta brings together young people from across the state to compete in their chosen trade or specialism. The three-day event, will be held from **5-7 February, 2016 at the Police parade ground in Thiruvananthapuram, Kerala**, will put on view the talents and expertise of 72 young people in 12 skill areas, which include welding, mobile robotics, catering and restaurant services.

The event marks the culmination of a challenging selection and training process at three levels. The key objective of the competition is to inspire young people, teachers, parents and others by raising awareness that enhancing vocational skills can lead to global opportunities. The competition shall also impart a much-needed boost to the perception of vocational skills in young minds.
